Overall Length:

3.750 inches

End Application:

Lifting assembly ground support equip, v-22acft

Design Type:

Block and pin

Hub Bore Diameter:

0.753 inches second end and 0.751 inches second end

Connection End Type:

Hub, bored second end

Product Name:

Modified 1-1/2" ss650 303 stainless steel u-joint

Special Features:

Ball spring oiler; both ends chamfered.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A521w0
