Overall Length:

4.670 inches

Outside Diameter:

3.650 inches

Key Width:

0.250 inches both ends

Bore Diameter:

1.3700 inches both ends

Bore Length:

1.1300 inches through bore

End Application:

Door, hanger

Bore Shape:

Straight both ends

Furnished Items And Quantity:

Hub 2; spacer 1; bolt 8; washer 16; flex disc 2; nut 8; set screw 2

Design Type:

Disk

Keying Facility Quantity:

1 both ends

Securing Method:

Screw both ends

Features Provided:

Keyway

Product Name:

Spacer assembly

Special Features:

Stainless steel; 2500 rpm, 1575 inch pounds torque

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A522b0
