Current Type:

Ac

Body Length:

10.625 inches

Body Width:

8.500 inches

Body Height:

8.875 inches

End Application:

Damper ventilation

Limit Switch Control:

Included

Product Name:

Inavy-actuator

Voltage In Volts:

120.0

Special Features:

Spring return ccw to original position when actuator is de-energized; oil submerged; hazardeous locations

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30500
