Linear Electro-mechanical Actuator - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3010-01-553-4028

Current Type:
Ac
Body Length:
10.625 inches
Body Width:
8.500 inches
Body Height:
8.875 inches
End Application:
Damper ventilation
Limit Switch Control:
Included
Product Name:
Inavy-actuator
Voltage In Volts:
120.0
Special Features:
Spring return ccw to original position when actuator is de-energized; oil submerged; hazardeous locations
Frequency In Hertz:
60.0
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A30500
