Overall Length:

3.375 inches

End Application:

Strainer

Design Type:

Double joint

Connection End Type:

Hub, solid second end

Product Name:

Universal joint

Special Features:

Ends have a centered starter hole that makes drilling easy. Made of type 303 stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A521w0
