End Application:

Drive shaft, pn 1.158.130.800

Design Type:

Spider and bearings

Connection End Type:

Hub, bored first end

Product Name:

Universal joint, cross unit standard roller bearing type

Special Features:

Snap rings included (mm): j 48 x 1.75; bore diameter - all 4 ends: 1.31 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A521w0
