Body Length:

1.57 inches

Body Width:

1.45 inches

Body Height:

0.78 inches

Environmental Protection:

Watertight and dustproof

Product Name:

Hmi high torque, stear gear robot servo

Special Features:

Programmable digital amplifiers with mosft drive; durable steel gears with dual ball bearings; bottom side axial mount hole; coreless morot type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30500
