Overall Length:

11.38 inches

Overall Height:

7.0 inches

Overall Width:

6.0 inches

End Application:

Uscg response boat - small 29ft (rb-s) c130 trailer

Pressure Rating:

1600.0 pounds per square inch

Special Features:

Requires 4-wire hookup with 10 amp/hour breakaway kit; large capacity hydraulic fluid reservoir

Material:

Aluminum

Surface Treatment:

Anodize

General Description:

Meets all dot requirements and complies with cfr-3938 braking requirements

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
