Attachment Method:

Clamp

Bore Style:

Plain both ends

Outside Diameter:

1.0000 inches

Nominallength:

0.688 inches

Distance Between Body Face And Protruding Hub End:

0.0781 inches first end

Bore Diameter:

0.1248 inches both ends

Material:

Stainless steel

Style Designator:

Adjustable torque, coil spring loaded

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
