Pitch Diameter:

5.9583 inches

Teeth Quantity:

143

Backlash Designation:

Grade e

Nominallength:

0.812 inches

Tooth Form:

Standard

Pressure Angle:

20.0000 degrees

Distance Between Body Face And Protruding Hub End:

0.063 inches second end

Face Width:

0.250 inches

Hub Style Designator:

Plain both ends

Hub Diameter:

1.125 inches second end

Precision Classification:

Quality number 9

Style Designator:

Protruding hubs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
