Body Style:

Webbed, offset, solid

Spline Quantity:

13 both ends

Pitch Diameter:

0.8750 inches

Teeth Quantity:

28

Bore Style:

Involute spline both ends

Spline Pitch Diameter:

0.4063 inches both ends

Backlash Designation:

Grade c

Outside Diameter:

0.938 inches

Tooth Form:

Standard

Pressure Angle:

20.0000 degrees

Body Recess Depth:

0.067 inches first end

Face Width:

0.400 inches

Bore Diameter:

0.438 inches both ends

Precision Classification:

Quality number 9

Material:

Steel comp 630

Material Specification:

Ams 5643f, cond ph assn standard single material response

Style Designator:

Hubless, recessed body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
