Body Style:

Plain, solid

Pitch Diameter:

2.6903 inches

Hardness Rating:

58.0 rockwell c and 63.0 rockwell c

Teeth Type:

Straight

Face Width:

1.058 inches

Special Features:

Three lubricating holes drilled 0.1875 in.Dia through body into bore at 25 degree 10 min.Angle, to transverse centerline of gear, equally spaced around od

Material:

Steel

Style Designator:

Peripheral face, hubless

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
