Spline Quantity:

11 first end

Design Type:

Worm second gear

Construction:

Solid

Outside Diameter:

0.312 inches first gear

Hub Length:

0.461 inches first end

Hub Style Designator:

Plain first end

Material:

Steel

Material Specification:

Ams5643 assn standard single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A270a0
