Bore Style:

Partial first end

Construction:

Solid

Hardness Rating:

58.0 rockwell c and 62.0 rockwell c

Nominallength:

6.469 inches

Hub Length:

1.2350 inches second end

Hub Diameter:

1.125 inches between third and fourth gear

Material:

Steel comp 8620h

Material Specification:

66 federal standard single material response and aisi/sae 8620h assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A270a0
