Body Style:

Plain, solid

Attachment Method:

Mounting hole

Pitch Diameter:

10.0000 inches

Teeth Quantity:

30

Bore Style:

W/counterbore both ends

Hardness Rating:

41.0 rockwell c teeth

Nominallength:

3.688 inches

Tooth Form:

Standard

Pressure Angle:

14.5000 degrees

Distance Between Body Face And Protruding Hub End:

0.500 inches first end

Face Width:

3.000 inches

Hub Style Designator:

Plain both ends

Hub Diameter:

8.000 inches second end

Style Designator:

Protruding hubs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
