End Application:

Aircraft, orion p-3

Bore Style:

Plain both ends

Design Type:

Spur second gear

Construction:

Assembled

Outside Diameter:

3.2850 inches first gear

Nominallength:

0.220 inches

Bore Diameter:

0.250 inches both ends

Material:

Stainless steel

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A270a0
