**Pitch Diameter:**

0.4166 inches

**Nominallength:**

0.580 inches

**Teeth Type:**

Straight

**Pressure Angle:**

20.0000 degrees

**Material:**

Steel comp 416se

**Material Specification:**

Qq-s-763, class 416se federal specification single material response

**Surface Treatment:**

Phosphate

**Style Designator:**

Peripheral face, back hub protruding

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A27300
