Bore Style:

Plain both ends

Construction:

Solid

Hardness Rating:

33.0 rockwell c and 38.0 rockwell c

Bore Diameter:

0.880 inches both ends

Precision Classification:

Quality number 8 all gears

Material:

Steel comp 4340

Material Specification:

Qq-s-624 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A270a0
