Spline Quantity:

294 both ends

Teeth Quantity:

12

Bore Style:

Involute spline both ends

Spline Pitch Diameter:

5.2500 inches both ends

Hardness Rating:

40.0 rockwell superficial 15-n and 44.0 rockwell superficial 15-n

Criticality Code Justification:

Feat

Pressure Angle:

20.0000 degrees

Special Features:

Changed due to deep look event

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A27300
