**Body Style:**

Webbed, solid

**Attachment Method:**

Mounting hole

**Pitch Diameter:**

1.8440 inches

**Teeth Quantity:**

59

**Backlash Designation:**

Grade e

**Outside Diameter:**

1.906 inches

**Nominallength:**

0.375 inches

**Tooth Form:**

Standard

**Pressure Angle:**

20.0000 degrees

**Distance Between Body Face And Protruding Hub End:**

0.219 inches first end

**Face Width:**

0.156 inches

**Bore Diameter:**

0.157 inches both ends

**Hub Style Designator:**

Plain both ends

**Hub Diameter:**

0.313 inches second end

**Precision Classification:**

Quality number 10 or quality number 11

**Mounting Hole Diameter:**

0.036 inches transversely through hub, first end

**Style Designator:**

One protruding hub, one flush hub

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A27300
