Attachment Method:

Clamp

Pitch Diameter:

3.0000 inches

Teeth Quantity:

144

Nominallength:

0.688 inches

Tooth Form:

Standard

Pressure Angle:

14.5000 degrees

Face Width:

0.252 inches

Precision Classification:

Quality number 12

Surface Treatment:

Passivate hub

Style Designator:

Protruding hub

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
