Body Style:

Webbed, offset, solid

Attachment Method:

Clamp

Pitch Diameter:

1.1250 inches

Teeth Quantity:

72

Bore Style:

Plain both ends

Hardness Rating:

72.0 rockwell c

Outside Diameter:

1.154 inches

Tooth Form:

Standard

Pressure Angle:

20.0000 degrees

Distance Between Body Face And Protruding Hub End:

0.265 inches first end

Face Width:

0.120 inches

Bore Diameter:

0.250 inches both ends

Hub Style Designator:

Plain first end

Hub Diameter:

0.300 inches first end

Material:

Aluminum alloy

Style Designator:

Protruding hub, recessed body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
