Body Style:

Plain, solid

Attachment Method:

Clamp

Pitch Diameter:

0.2180 inches

Teeth Quantity:

21

Bore Style:

Plain both ends

Hardness Rating:

72.0 rockwell c

Outside Diameter:

0.239 inches

Tooth Form:

Standard

Pressure Angle:

20.0000 degrees

Distance Between Body Face And Protruding Hub End:

0.230 inches first end

Face Width:

0.120 inches

Bore Diameter:

0.125 inches both ends

Hub Style Designator:

Plain first end

Hub Diameter:

0.184 inches first end

Material:

Aluminum alloy

Style Designator:

Protruding hub

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
