Pitch Diameter:

12.0000 inches

Teeth Quantity:

5

Tooth Form:

Standard

Pressure Angle:

20.0000 degrees

Distance Between Body Face And Protruding Hub End:

3.000 inches between body and flange

Face Width:

0.510 inches

Material:

Steel comp e9310

Style Designator:

Protruding hub

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
