Pitch Diameter:

2.2105 inches

Teeth Quantity:

21

Bore Style:

W/stepped counterbore first end

Hardness Rating:

30.0 rockwell c hub and 40.0 rockwell c hub

Outside Diameter:

2.465 inches

Nominallength:

2.480 inches

Face Width:

0.175 inches

Bore Diameter:

0.260 inches first end

Bore Width:

0.250 inches second end

Counterbore Diameter:

0.722 inches first counterbore, first end

Hub Style Designator:

1 step second end

End Diameter:

0.615 inches second end

First Step Diameter:

0.870 inches second end

Material:

Steel comp e9310

Material Specification:

Ams 6260 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
