Pitch Diameter:

2.1528 inches

Bore Style:

Plain both ends

Outside Diameter:

2.375 inches

Thread Form Quantity:

1

Thread Form Direction:

Right-hand

Pressure Angle:

14.5000 degrees

Distance Between Body Face And Protruding Hub End:

0.500 inches first end

Face Width:

1.250 inches

Bore Diameter:

1.001 inches both ends

Hub Style Designator:

Pinned first end

Hub Diameter:

1.500 inches first end

Material:

Steel

Style Designator:

Protruding hub

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
