Body Style:

Plain, solid

Attachment Method:

Mounting hole

Pitch Diameter:

1.2046 inches

Teeth Quantity:

22

Nominallength:

1.219 inches

Pressure Angle:

14.5000 degrees

Face Width:

0.500 inches

Bore Diameter:

0.376 inches both ends

Hub Diameter:

0.500 inches first end

Mounting Hole Diameter:

0.144 inches transversely through hub, first end

Material:

Steel

Style Designator:

Protruding hub

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
