General Description:

Gear set contains three parts, p/n sk3150082 is a pinion and shaft, 35 teeth, zerol bevel type gear, 11.033 in. Diametral pitch, 20 degrees pressure angle, p/n sk3150083 is a gear cluster with a zerol bevel gear and a helical gear on a shaft, bevel gear has 87 teeth, 11.033 in. Diametral pitch and 20 degrees pressure angle, helical gear has 10teeth, 10 normal diametral pitch and 20 degrees normal pressure angle, p/n sk3150084 is a gear cluster with a helical gear and a spur gear on a shaft, helical gear has 121 teeth, 10 normal diametral pitch, 20 degrees normal pressure angle, spur gear has 14 teeth, 4.000 in. Diametral pitch, 20 degrees pressure angle, each part is marked with same serial number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
