Design Type:

Spur second gear

Construction:

Solid

Outside Diameter:

3.8500 inches first gear

Hub Length:

0.9250 inches first end

Hub Style Designator:

Plain first end

Hub Diameter:

3.156 inches first end

Material:

Steel comp e9310

Material Specification:

Ams 6265 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A270a0
