Groove Depth:

0.125 inches

Groove Width:

0.156 inches

Outside Diameter:

1.500 inches

Bore Diameter:

0.375 inches

Bore Length:

0.385 inches

V Groove Angle In Deg:

60.0

Material And Location:

Aluminum alloy

Face Width:

0.385 inches

Design Form:

Plain

Bore Type:

Straight

Bearings:

Not included

Groove Quantity:

1

Counterbore Feature:

Not included

Keying Facility:

Not included

Split Hub Feature:

Not included

Lightening Hole:

Not included

Integral Cooling Vane:

Not included

Groove Shape:

V

Bore Feature:

Included

Style Designator:

Plain

Surface Treatment:

Anodized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T353-a
