Groove Depth:

0.184 inches

Outside Diameter:

0.500 inches

Bore Diameter:

0.250 inches

Bore Length:

0.360 inches

V Groove Angle In Deg:

60.0

Material And Location:

Polyamide nylon

Face Width:

0.360 inches

Design Form:

Plain

Bore Type:

Straight

Bearings:

Not included

Groove Quantity:

1

Counterbore Feature:

Not included

Keying Facility:

Not included

Split Hub Feature:

Not included

Lightening Hole:

Not included

Integral Cooling Vane:

Not included

Groove Shape:

V

Bore Feature:

Included

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T353-a
