Teeth Quantity:

23

Special Features:

Diametral pitch 16/32; pressure angle 30 degree; circular space at pitch; maximum 0.1010, min 0.0982; spline data; base 0 1.2449

Material:

Steel

Material Specification:

Qq-s-681, castings federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512s0
