Bore Style:

Plain both ends

Design Type:

Spur all gears

Construction:

Solid

Outside Diameter:

1.801 inches all gears

Nominallength:

0.250 inches

Hub Length:

0.125 inches both ends

Bore Diameter:

0.126 inches both ends

Hub Style Designator:

Plain both ends

Hub Diameter:

0.281 inches both ends

Special Features:

4 holes-40 unc-2b x .125 deep through gears

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A270a0
