End Application:

Special aircraft and engine tool and support equipment and parts

Teeth Quantity:

25

Teeth Type:

Spiral

Tooth Direction:

Left

Pressure Angle:

20.0000 degrees

Special Features:

Pinion, gearbox assembly engine drive assembly gts/apu mk2/mk4 adaptor assembly

Material:

Steel

Material Specification:

Aisi8620 aircraft quality assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
