End Application:

Forward transmission

Teeth Quantity:

16

Product Name:

Gear, accessory pump forward transmission

Special Features:

Type - fillet root side fit; diameter pitch 20/30; pressure angle is 30 inches; pitch diameter - 0.800; base circle diameter - 0.8706; pin measurement is 0.7233-0.7254; pin diameter is 0.072; pitch tolerance is 0.0005; part number of mating spline is 423ds100 (cage 77272)

Material:

Steel body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
