End Application:
Forward transmission
Teeth Quantity:
16
Product Name:
Gear, accessory pump forward transmission
Special Features:
Type - fillet root side fit; diameter pitch 20/30; pressure angle is 30 inches; pitch diameter - 0.800; base circle diameter - 0.8706; pin
measurement is 0.7233-0.7254; pin diameter is 0.072; pitch tolerance is 0.0005; part number of mating spline is 423ds100 (cage 77272)
Material:
Steel body
Shelf Life:
N/a
Unit Of Measure:
.
Demilitarization:
No
Fiig:
A27300
