End Application:

Seawolf class submarine

Product Name:

Bridge access trunk upper hatch assembly

Special Features:

Number of teeth (whole gear)-93; actual number of teeth-27; diametral pitch-12; pressure angle-20 degrees; pitch diameter-7.750 ref; base diameter-7.2826 ref; form diameter-7.6201; root diameter-7.542; actual circ tooth thickness pitch diameter-.1285 to .1293; radial runout-.005

Material:

Steel body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
