End Application:

An/aqs-1 (prod), an/aqs-14(xn-2)

Product Name:

Gear, segment (nose cone assembly)

Special Features:

Number of teeth-80; diametral pitch-12; pressure angle-20; standard pitch diameter 6.6667; testing pressure - ounces-32; number of teeth in mating gear-16; center distance--4.0000

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A520e0
