Attachment Method:

Clamp

Pitch Diameter:

1.5000 inches

Teeth Quantity:

48

Outside Diameter:

1.563 inches

Distance Between Body Face And Protruding Hub End:

0.406 inches between body and flange

Face Width:

0.125 inches

Bore Diameter:

0.1873 inches between body and flange

Hub Style Designator:

Split between body and flange

Hub Diameter:

0.312 inches between body and flange

Material:

Aluminum alloy 2024

Style Designator:

Protruding hub, recessed body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
