End Application:

Linear electro-mechanical actuator for access door on b-2 aircraft

Teeth Quantity:

47

Product Name:

Gear, spur hub bored

Special Features:

Type of gear teeth are spur; t.O. Is 16a1-25-2-3, figure 9-2, index 9; nha p/n is aa1495-1 (cage 12511)

Material:

Stainless steel body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
