**End Application:**

Linear electro-mechanical actuator for access door on b-2 aircraft

**Teeth Quantity:**

47

**Product Name:**

Gear, spur hub bored

**Special Features:**

Type of gear teeth are spur; t.O. Is 16a1-25-2-3, figure 9-2, index 9; nha p/n is aa1495-1 (cage 12511)

**Material:**

Stainless steel body

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A27300
