End Application:

Kph-130 piston horn

Pressure Angle:

20.0000 degrees

Keyway Width:

0.313 inches between body and flange

Special Features:

No. Of teeth 58, diameter pitch 12, hardness 55/60 rc

Material:

Steel comp 8620

Style Designator:

Protruding hub, recessed body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300
