End Application:

C-5 aircraft

Product Name:

Gear planet

Special Features:

Gear teeth are in-line; spur gear is included in a planetary gear assembly which is used on the actuator assembly for the main landing gear and door actuator assembly (p/n 42357-17 or 18, cage 82402); t.O. Is 16a1-17-4-3, fig 9-1, index 69; there are 6 gears per assembly; nha p/n is 42357-23 or 24, cage 82402

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27300
