End Application:

Uc equipment

Product Name:

Gear drive, rt angle

Special Features:

Spiral bevel gear drives, precision ground alloy steel shafts, aluminum alloy housings, all shaft projections have high quality oil seals; height 3.750 in; width 2.940 in; length 8.880 in

Material:

Steel and aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A555u0
