Body Style:

Plain, solid

End Application:

8750015-sa

Pitch Diameter:

37.38 inches

Teeth Quantity:

456

Outside Diameter:

38.16 inches

Nominallength:

0.500 inches

Pressure Angle:

20.0 degrees

Product Name:

Commanders weapon station gear

Special Features:

Hardness bhn 269-321; magnetic partical inspection; solvent clean, solid

Material:

Steel comp 4140

Material Specification:

Mil-std-130 military standard 2nd material response

Style Designator:

Plain ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27300

Mil-std (military Standard):

Mil-std-130 spec.
