**Product Name:**

Chain, roller

**Special Features:**

Single strand, pitch 0.375", roller diameter 0.250", width between roller link plates 0.225", average tensile strength 2310 lb, number of links per 10 feet is 320

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23500
