Product Name:

Chain, roller

Special Features:

Single strand, pitch 0.375", roller diameter 0.250", width between roller link plates 0.225", average tensile strength 2310 lb, number of links per 10 feet is 320

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23500
