Environmental Protection:

Heat resistant and oil resistant and static free

End Application:

W/s: aircraft, eagle f-15

Performance Type:

Standard capacity

Cross-sectional Size:

B

Width:

0.656 inches

Pitch Length:

69.800 inches

Material:

Rubber body

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
