Environmental Protection:

Heat resistant and oil resistant and waterproof and abrasion resistant and ozone resistant and chemical resistant

Strengthening Feature:

Steel cord

Width:

0.203 inches

Pitch Length:

10.976 inches

Drive Type And Quantity:

112 pin

Pitch Distance:

0.098 inches

Material:

Plastic polyurethane body

Surface Condition:

Smooth

Style Designator:

Positive drive, round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
