Environmental Protection:

Heat resistant and oil resistant and static free

Strengthening Feature:

Synthetic cord

Performance Type:

Heavy duty

Cross-sectional Size:

B

Width:

0.656 inches

Pitch Length:

83.800 inches

Material:

Fiber and rubber and rubber chloroprene class cr and fiber synthetic body

Style Designator:

Plain, cog or notched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A228b0
